

# TASCA CHEVROLET

Woonsocket, Rhode Island

Project Scope:	Design Build Renovation
Total Square Feet:	10,000 sf Showrooms 3,000 sf Service Center & Drive 2,000 sf Collision Center & Parts Counter
Project Architect:	Vision 3 Architects
Completion Date:	March 2017
Type of Project:	Automotive

The Tasca Family entrusted **BOWERMAN ASSOCIATES** to oversee the design and renovation of another newly acquired dealership. Bowerman was hired to oversee the design, permitting and renovation of this 35,000 sf Chevrolet Auto Dealership.

The design and renovation is compliant with the latest GM Facility Image Program. It included a complete renovation of a two-tiered

Chevrolet showroom, sales offices, café, restrooms, waiting areas, service write up, drive aisle and collision center. A new "Chevrolet Entry Tower" was introduced to the building which also included a new glass store front system, exterior metal panel, new roofs, HVAC and electrical systems. An attractive stamped concrete entryway, exterior parking lot lighting and 4 acres of new parking lots were completed to greet all customers upon entry to the site.
